

BOCONNOC

CORNWALL

"After twelve years of renovation, there is nothing we enjoy more than filling the house with love and laughter. We want everyone to feel at home from the moment they arrive. Boconnoc is such a special place to get together with family and friends and we warmly invite people to settle in and enjoy the magic of the place."

Elizabeth, Clare & Sarah Fortescue

One of Cornwall's best kept secrets, Boconnoc House is yours exclusively for your intimate wedding.

Treat your guests to understated luxury in our cosy, beautifully designed bedrooms. The main house sleeps 19 and there are nine extra bedrooms in the cottages should you need them.

Enjoy drinks by a roaring fire, marry in our 800-year old on site church, opt for a civil or humanist ceremony in the house, or venture outside to the Georgian Bathhouse or Dorothy Garden. Your wedding feast can be enjoyed in the Smoking Room, or for a more relaxed setting, sit on trestle tables outside, watching the sunset by the fire pits. Afterwards, settle in with a nightcap by the fire, or turn up the music and dance under the stars.

Add some extra sparkle with our intimate wedding extras – enjoy champagne and oysters in a spectacular 19th century marble ice bath, jump on the tractor trailer and let us whisk you to the top of the estate to view the stars, or book a gin or whisky tasting session for a post-dinner treat. Enjoy walks in the grounds, play ping-pong in the games room, or visit one of the stunning nearby beaches.

We want to make your wedding as relaxed and easy to organise as possible. Let us arrange it all for you, or we can introduce you to our fantastic list of carefully selected suppliers.

CIVIL OR HUMANIST CEREMONY

Marry in one of the reception rooms in Boconnoc House or in the beautiful 18th century Stable Yard. Alternatively, choose one of the unique outdoor spaces for your ceremony, either the Georgian Bathhouse or the Dorothy Garden. For a humanist ceremony, pick a spot by the lake, or on the lawns in front of the house.

CHURCH WEDDING

Boconnoc's historic 14th century church is nestled next to the main house and offers a cosy and intimate space for a small wedding. Keep an eye out for some of the unique aspects of the church, including the minute detail on the stained-glass window, said to be Pre-Raphaelite.

FOOD & DRINK

Special celebrations deserve extra special food and drink. Arranging your feasting for the weekend is easy; you can use our in-house cook, or we can introduce you to our fabulous caterers. Our menus and food options are flexible, meaning we can work around your weekend itinerary.

You are welcome to bring your own alcohol, which will be served by our team.

THE NIGHT BEFORE

Gather your guests together with a warm and welcoming first night feast. Let us look after the menu and feel free to bring and arrange your own alcohol. Choose to dine in style in the Smoking Room, or enjoy a warm summer's evening with a BBQ in our outdoor kitchen.

YOUR BIG DAY

We can arrange your wedding feast for whatever time of day works for you. Dine outdoors with food prepared in our outdoor BBQ kitchen, or cosy up in the Smoking Room for an opulent and hearty feast.

Later on, why not set up a cheese and wine station in the Drawing Room, or settle around the fire in the library to toast glasses and share stories?

THE DAY AFTER

Treat your guests to a laid-back breakfast or brunch before some fun and games on the lawn or a visit to the beach.

AFTER DARK

Party under the stars in the Stable Yard, take a tractor trailer ride to admire the night sky on Druid's Hill, book a gin or whisky tasting in the Drawing Room, light up your weekend with some fireworks or simply cosy around the fire and enjoy precious time with your closest loved ones.

ACCOMMODATION

Boconnoc sleeps 19 guests in the main house and an additional 22 guests across the three Stable Yard cottages. Both the main house and the cottages feature stunning interiors by Sarah Fortescue.

The Main House

The main house can sleep 19 guests. Each twin or double room has its own bathroom and we recommend you choose the King's Bedroom for your wedding night which has dramatic Palladian windows looking out across the park.

Cottages

There are three beautiful cottages next to the house in the Stable Yard, each with their own charming character and contemporary interiors. The Head Groom's House sleeps 6 across one twin, one double, and two sofa beds. The Groom's House sleeps 7 across two twins, one double and one sofa bed, and the Dairy Cottage sleeps 9 across four doubles and one sofa bed. The ample accommodation means that your whole wedding party can stay on site, which is perfect for those travelling down for the weekend.
